Goat Walking Experience Terms and Conditions

- All walks must be pre-booked
- Children must be over 13 years old to walk a goat on their own, although children aged 8 to 12 may accompany the walk providing that each child is accompanied by an adult.
- It is important at the time of booking that we know if any of those walking have any health limitations or health issues that we should be aware of. Where possible, we are very happy to modify the walk or distance in a way that accommodates any health concerns. Walking goats may not be suitable for all as it involves walking across unmade fields and you need to use both hands to be in control of the goats at all times. Our ground is uneven in places.
- Goat walking is not advisable if pregnant.
- Everyone on the goat walk must wear sensible footwear eg trainers, walking boots, wellies. NO FLIP FLOPS!
- Walking a goat allows you to walk YOUR VERY OWN GOAT for the entirety of the walk.
- Goats are herd animals so always go out in 3's. We cater for up to 3 goat walkers per session.
- Walks start from the goat pen promptly. We ask that you arrive 5 minutes beforehand with your hands freshly washed with soap.
- We have stringent bio-security and may ask you to dip your footwear on arrival and departure.
- No eating, drinking or smoking during the Goat experience.
- Sadly, guests arriving after start time cannot join the walk and their booking is therefore cancelled so as not to inconvenience the other guests walking that session. No refund will be issued for late arrivals.
- We have a strict no dog policy on the walk.
- Everyone on the walk must listen to goat owners' instructions, behave in a calm and responsible manor, not litter along the walk and keep voice levels low and calm.
- Goats are like us and will not be happy to walk in bad weather. If the weather forecast looks bad, we will do our best to reschedule your walk.
- Whilst in the goat pen do not climb on the goat toys or frames.
- Manor Farm Camping or The Barker Family will not accept liability for Goat walkers and participants accompanying goat walkers unless injury is caused by negligence. Manor Farm Camping or The Barker Family will not be held responsible for Injuries caused by Tripping and falling during the goat walk experience.
- Please note photographs or video footage may be taken during your goat experience and used in social media footage. If you are not happy for this to happen, please let the leader know.
- Please sign the Register to confirm your understanding of the above and agree to take part within the above terms and conditions.
